the key point is to determine "what have been the concrete benefits" for the poor.

Friends of the consular treaty say the proposed amendments would doom it and destroy a chance for better Soviet-American relations.

A proposal by Sen. Karl Mundt, R-S.D., would make effectiveness of the treaty dependent on the halt of Soviet aid to North Vietnam.

Mundt said in an interview he sees a 50-50 chance of passage for his proposal. But Senate Democratic leader Mike Mansfield said, "I'm cautiously optimistic that we can defeat these reservations."

This other congressional action also is scheduled:

A Senate Foreign Relations Committee closed hearing today on a proposed peace-in-space treaty, with UN Ambassador Arthur J. Goldberg the principal witness.

A joint congressional atomic committee closed hearing featuring Secretary of State Dean Rusk discussing China's nuclear capability and a proposed nuclear nonproliferation treaty.

House consideration today of a \$12.2 billion appropriation for the Vietnam war, \$4.5 billion of which was authorized in a separate bill passed earlier.

Some Facts About Male Hormone

By ALTON BLAKESLEE
AP Science Writer

NEW YORK (AP) — Men produce their greatest amount of male hormone at the time of awakening in the morning, a new study finds.

Their hormone level then is as much as 40 per cent higher than at midnight. Midnight is found usually to mark the low point in a daily cyclic rhythm of male hormone output.

The finding of variations in male hormones by scientists of New York Medical College was reported today by the American Cancer Society, which supported their research.

The study may have applica-

tions as to the best time to give certain hormones in treating some forms of cancer, and implications regarding other clinical problems and human behavior, the society said.

Men and women are believed to produce both male and female hormones. Men are men because they produce more male than female hormone, and vice-versa, with the normal man producing about 20 times as much male hormone as the normal woman.

The New York study, by Drs. A. Louis Southren, G.G. Gordon, S. Tochimoto and G. Pinzon, detected a daily or 24-hour rhythm in male hormone production by men. But in women, they said, production of the male hormone, testosterone, stays at pretty much the same level.

Most hospitals, they said, measure hormone levels in the morning, and take that reading as the average.

Daily variations showed up when blood samples were taken 16 times every 24 hours. A 24-hour internal "clock" may be involved in the variation.

Some women also were found to have daily variations in male hormone. These included stout, muscular, deep-voiced women with excessive hair growth, who have several times the normal female output of testosterone. Such women are unusually susceptible to cancer of the lining of the uterus.

Hormones, male and female, are employed in treating some cases of cancers of the uterus, breast, ovary, and prostate gland.

Detection of the variations in natural hormone output, and how the normal male hormone may be altered within the body, may prove useful in improving hormone treatments of cancer.

Language Bill Meets Approval

SACRAMENTO, Calif. (AP) — A bill to permit California schools to teach Mexican-American or other minority group children in their native languages has been approved unanimously by the State Senate.

Pupils would be taught in Spanish, for example, so they could master other subjects while they were learning English, State Sen. Alan Short, sponsor of the bill, explained.

The bill now goes to the Assembly.

Dodd Insists Gain Not For Himself

By JOHN CHADWICK
WASHINGTON (AP) — The Senate ethics committee opens a second round of hearings today on misconduct charges against Sen. Thomas J. Dodd, who insists "I have not enriched myself from public office."

The bipartisan committee declined to announce witnesses in advance. Nor would it say if it had been able to reach a last-minute agreement with the Connecticut Democrat to stipulate without testimony various factual matters concerning his disputed finances.

In the absence of such a stipulation, committee sources said the hearings are likely to run for three or four weeks.

The principal charge against Dodd, now serving his second Senate term, is that he used up wards of \$100,000 in campaign funds for personal expenditures.

The reopened inquiry follows House's refusal to seat Adam Clayton Powell for his alleged misconduct in spending congressional funds and keeping his wife on the payroll illegally.

The committee said its inquiry also would cover travel expenses collected by Dodd and the propriety of his "acceptance and use of automobiles loaned by a Connecticut contractor."

The white-haired senator took to the Senate floor last Friday to denounce the charges against him made by columnists Drew Pearson and Jack Anderson a year ago.

"I have not enriched myself from public office," he said. "Indeed, the contrary is the fact."

Dodd said that in 1961-65 he received about \$170,000 from testimonial affairs arranged by friends without his encouragement and had used \$140,000 of

this to pay off debts incurred in his political races.

Dodd said the \$30,000 balance was far exceeded by the cost of holding office since he first was elected to the Senate in 1958.

He described the income from these testimonials as tax-free gifts which he could use as he saw fit. He defended such affairs as a means of enabling office-holders "to liquidate political debts and to cover the sometimes very high cost of office."

The committee indicated in advance it would explore in detail how funds were raised for Dodd, the avowed purpose, the intent of the donors and the use to which the money was put.

an electric water heater needs no venting!

\$25.00

Aside from the fact that a Flameless Water Heater supplies the entire home with all the hot water needed, one of the most important features is the way it can be tucked in anywhere there's space! Since there's no need to vent it, most homeowners put it nearest to the point of greatest use—making possible shorter runs of piping and keeping heat loss to a minimum.

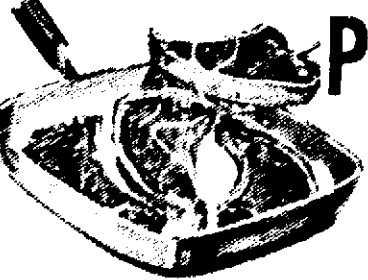

And remember — there's real economy in electric water heating because of AP&L's special water heating rate. Remember, too, you can buy your electric water heater on the Reddy Plan, with small monthly payments on your electric service bill!

Girl Scout Week Being Observed

In the youth-oriented world, a 55th birthday might be better left uncelebrated. Who wants to admit being more than 17-years-old these mod-mod-mod days?

Well, a 55th birthday is being celebrated this week, not only with pride but with an eager anticipation of many more to come—the half-century-plus-five anniversary of Girl Scouts of the U.S.A.

There's been a long, long trail winding from the 1912 era of the middy-clouse to that of the 1967 mini-skirt. Girl Scout hemlines aren't that far up, of course, nor are those of most young moderns. But the organization's mood is on-the-move—as it has been through each changing generation.

Consider the Girl Scouts' new triennial theme: "Values to Hold — Worlds to Explore." The values still are the solid values founder Juliette Gordon Low instilled in her original band of 12 girls: to seek and carry forth the highest ideals of character, conduct, patriotism and service. And the worlds to explore? Tangible worlds, of course — of home, community, nation, other cultures, other lands. But perhaps, more important, the worlds of Girl Scout values themselves.

There's a lot of questioning and questing going on among all of today's youngsters. Girl Scouts are no exception. And being more than three million strong they represent a mighty force among American youth. So when they explore yesterday's values in the light of today's needs, they may come up with some meaningful answers for all young people.

Can girls be Girl Scouts and still be with it?

The girls and the two-third adults, volunteers and professionals, who work with them believe they can. The communities, like Hope, which encourage and support them believe they can too.

BRIDGE — LUNCHEON
Daffodils were the focal point of interest for the bridge-luncheon club meeting Thursday, March 9 in the home of Mrs. Clyde "Monty" Monts. A delicious meal was served with shrimp casserole as the main course.

Club members were joined by Mrs. E. P. Young, Jr., Mrs. Charles Sharpe, Mrs. Bob Kellam, and Mrs. Joe Watkins for the monthly entertainment. When bridge was played at two tables, the following received prizes: Mrs. E. P. Young, Jr., high; Mrs. Bob Kellam, second; Mrs. Bill Hairr, consolation.

State Hits With Five, Beats AM&N

SPRINGFIELD, Mo. (AP) — Five Arkansas State players scored in double figures as the Indians captured third place in the NCAA College Division Southwest Regional basketball playoffs Saturday night.

The Indians whipped Arkansas AM&N 105-93 in the first meeting in history between the two teams.

Mike Burk paced the Indian attack with 27 points, followed by John Dickson with 21, Dave Renn 19, Harold Scifres 18 and Gary Crane with 11.

Robert Allen led the Golden Lions with 35 points. Napoleon Cross added 15 points and Don Young 13.

In the championship game late Saturday night Springfield State whipped Lincoln, Mo., 87-77.

Selected to the all-tournament team were Jim Gummertsch and Dan Bolden of Springfield, Milton Williams of Lincoln, Allen of AM&N and Scifres of Arkansas State.

N. Carolina Gets Another Chance at Duke

By DICK COUCH

Associated Press Sports Writer
North Carolina's proud Tar Heels get another chance to twist the Tiger's tail this week—but Duke's disappointed Blue Devils are going to the dogs.

And Duke's Vic Bubas thinks these particular dogs—the Salukis of Southern Illinois—will bite just as sharp as they bark.

North Carolina, the nation's No. 4 college basketball power, downed the Blue Devils 82-73 last Saturday night for the Atlantic Coast Conference title and a berth — opposite Princeton's fifth-ranked Tigers — in the NCAA championships. Princeton handed North Carolina its first setback of the season last December.

Duke settled for the open spot in the National Invitation Tournament at New York, where the Blue Devils will collide with Southern Illinois' small college titans tonight in a quarter-final contest.

"I repeat what I said before the ACC finals," said Blue Devils Coach Bubas. "The ACC team playing Southern Illinois will be the underdog. Everybody who has seen them tells me they are a great team."

The Saluki is an Egyptian hunting dog — similar in appearance to the Greyhound — whom the Carbondale, Ill., school adopted as its athletic symbol in 1951.

Last Thursday night, the Salukis established their kinship with the greyhound by racing past St. Peter's, N.J., 103-58 in their Madison Square Garden debut. The margin of victory was an NIT record.

Coach Jack Hartman, however, tossed Bubas' bouquet back at the Duke pilot Sunday. "I don't see how he can feel that way," Hartman said. "This situation is brand new to us, but Duke is an established tournament club. They've been in these prestige post-season playoffs many times. I wouldn't think they'd be underdogs against Southern Illinois."

Underdogs pulled off several surprises in both the NCAA and NIT Saturday, with Dayton's 69-67 overtime victory over sixth-ranked Western Kentucky in the nationals and Rutgers' 78-76 NIT ambush of Utah State among the major upsets.

In other NCAA first-round action, Princeton whipped West Virginia 68-57, seventh-ranked Houston nipped New Mexico State 59-58, ninth-ranked Boston College got by Connecticut 46-42; No. 10 Texas Western eliminated Seattle 62-54; Virginia Tech upset Toledo 82-76 and St. John's, N.Y., ousted Temple 57-53.

Providence, led by Jim Walker's 37 points, trimmed Memphis State 77-66, New Mexico edged Syracuse 66-64 and Marquette topped Tulsa 64-60 in the NIT.

Unbeaten UCLA, the nation's No. 1 team, wound up its regular schedule by smashing Southern California 83-55 for a 26-0 mark as Lew Alcindor tossed in 37 points and a white mouse.

26 points. The Bruins start their NCAA bid Friday night against Wyoming's Western Athletic Conference champions.

North Carolina earned a rematch with Princeton by knocking off North Carolina State, Wake Forest and Duke in the ACC tourney. Larry Miller's 32 points paced the Tar Heels past Duke in the final.

"This was the toughest possible way to win the championship," said North Carolina player Dean Smith. "Beating our three major North Carolina rival on successive nights...was a great accomplishment. We're delighted at the prospect of meeting Princeton again."

Rutgers' Bob Lloyd, the top foul shooter in the country, hit five free throws down the stretch in capping a 42-point effort that lifted the Scarlet Knights past Utah State, Walker, Providence's All American, became the 23rd player in college history to top the 2,000-point career mark with his bing against Memphis State. He now has 2,009.

Bob Hoover's 25-foot jump shot in the final second of overtime carried Dayton past Western Kentucky and Elvin Hayes pumped in 30 points in Houston's victory over New Mexico State.

Wyoming nailed the WAC title beating Brigham Young 70-63 in a playoff and Indiana won the Big Ten crown by drubbing Purdue 95-82.

The University of Pacific edged San Francisco 63-59 for its 20th straight victory; Kansas made it 11 in a row by defeating Kansas State 74-56 and Colorado upended NIT-bound Nebraska 64-57 in regular-season finals.

Southern Illinois and Duke share tonight's NIT bill with the Nebraska-Marshall, W.Va., quarter-final test.

Coach Jack Hartman, however, tossed Bubas' bouquet back at the Duke pilot Sunday. "I don't see how he can feel that way," Hartman said. "This situation is brand new to us, but Duke is an established tournament club. They've been in these prestige post-season playoffs many times. I wouldn't think they'd be underdogs against Southern Illinois."

Underdogs pulled off several surprises in both the NCAA and NIT Saturday, with Dayton's 69-67 overtime victory over sixth-ranked Western Kentucky in the nationals and Rutgers' 78-76 NIT ambush of Utah State among the major upsets.

In other NCAA first-round action, Princeton whipped West Virginia 68-57, seventh-ranked Houston nipped New Mexico State 59-58, ninth-ranked Boston College got by Connecticut 46-42; No. 10 Texas Western eliminated Seattle 62-54; Virginia Tech upset Toledo 82-76 and St. John's, N.Y., ousted Temple 57-53.

Providence, led by Jim Walker's 37 points, trimmed Memphis State 77-66, New Mexico edged Syracuse 66-64 and Marquette topped Tulsa 64-60 in the NIT.

Unbeaten UCLA, the nation's No. 1 team, wound up its regular schedule by smashing Southern California 83-55 for a 26-0 mark as Lew Alcindor tossed in 37 points and a white mouse.

Harrison, NLR Take State Titles

LITTLE ROCK (AP) — North Little Rock and Harrison came on strong in the second half as each claimed 12-point victories in the finals of the state high school basketball tournaments Saturday.

North Little Rock, behind at halftime, hit a rash of free throws in the closing minutes to capture the Class AAA championship with a 58-46 triumph over Jonesboro.

Harrison, ahead by six points at the half, opened up a 10-point lead in the final quarter and breezed past Russellville 55-43 to take the Class AA championship.

Harrison and Jonesboro had been the runners-up in the previous two years.

North Little Rock failed to get rolling against Jonesboro until just before halftime when 6-foot-4 Bob Murphy began controlling the backboards.

Jonesboro, with Fred Mooney flipping in 13 points, led by as much as eight points in the early stages of the game before the Wildcats cut the Jonesboro lead to 26-22 at intermission.

The second half was quite different, however, and the Wildcats quickly caught up in the third quarter.

The two teams fought on even terms until NLR pulled away in the final two minutes.

Ray Malcom had 18 points to lead North Little Rock, which finished with a 26-5 season record.

Russellville hung within striking distance of Harrison through the first three quarters, but could never generate enough steam to catch up.

Harrison pushed to an eight-point lead midway through the third quarter and led 38-28 a minute deep in the fourth quarter.

Donnie Watts, who was named the tournaments outstanding player, led Harrison with 20 points and Klipp Wolfe added 14. Jerry Killian had 15, Jim Marsh 11 and Gary Carter 10 for Russellville.

Harrison finished the year with a 36-1 record. Russellville ended at 34-3.

Ryun Glad Indoor Season Over

By JERRY LISKA

Associated Press Sports Writer
DETROIT (AP) — Jim Ryun of Kansas ran his fastest indoor mile, a self-paced 3:58.6, in the highly successful NCAA track meet over the weekend, but the world's premiere middle distance star is glad the indoor season has ended.

"I'm happy the inside competition is finished—I'm always afraid of injury indoors and the boards are hard on my feet," said Ryun today, announcing his next start will be in a dual meet with UCLA in Los Angeles two weeks hence.

Ryun, who set the world indoor mile record of 3:51.3 at Berkeley, Calif., last July, complained of blisters on both feet after whizzing around Cobo Arena's board oval 11 times Saturday for his third sub-four-minute mile indoors. He also has turned the mile indoors in 3:58.8 and 3:59.6.

It was a snappy finish to a tiring weekend in which Ryun suffered a rare defeat by Villanova's Dave Patrick in the 880 Friday night after the Kansas Comet had to run mile and half-mile qualifying heats.

Patrick, who skipped the mile, simply ran away from Ryun to win the half-mile in world indoor record time of 1:48.9 as the Jayhawk sophomore finished second in 1:50.7.

Neither Ryun nor Patrick was able to forestall Southern California's surge to its first team title in NCAA indoor competition with 26 points.

The two-day competition produced nine NCAA records in the 16-event program. Five records were set and two tied in Saturday's 10-event wind-up.

In de-throning Kansas USC's Trojans grabbed 10 points alone in the pole vault, won with a record 17-1 leap by brilliant Bob Seagren. Another Trojan record breaker was hurdler Earl McCulloch, who posted a 7.0 second mark in both the semifinals and finals of the 60-yard barrier race.

Southern California's two-mile relay team accounted for a third Trojan first. Oklahoma took second place with 17 points on victories by defending champion Bill Calhoun in the 440 and the Sooner mile relay team, clocked in meet record time of

Kansas placed third with 16-

nine contributed by Ryun with his mile triumph and half-mile second.

Ryun left nothing for his five mile rivals to do, but follow him. The Sullivan Award winner, who usually lays back and then overpowers the field with his tremendous finish, State College of Arkansas, the streaked in front at the start only to duck out of Henderson State and Jim Haney of Arkansas College.

Duckworth, the AIC scoring and rebounding champion, missed by only one point being AAU champ. "I felt good that they went all out. I'm sure that Friday defeat helped spur me on."

Fifth NCAA mark set Saturday was a 2:07.8 victory by Ray Arrington of Wisconsin in the 1,000-yard run. NCAA records were tied as Nebraska's Charlie Greene won his third straight 60-dash title in .60 and high-jumpers Ted Downing of Miami, Ohio, and Missouri's Steve Herndon cleared 7-0.

The five best jockeys in purse money won in 1966 were Brailio Baeza, Willie Shoemaker, John Rotz, Walter Blum and Bobby Ussery.

Denies Any Knowledge of Fund

CHAMPAIGN, Ill. (AP) — Dr. David D. Henry, president of the University of Illinois, Sunday vehemently denied he had any knowledge of the \$21,000 athletic slush fund prior to his report to the Big Ten last December.

Dr. Henry called a charge that he knew about the fund "a total untruth."

Doug Mills, former Illinois athletic director who resigned Dec. 1, a couple of weeks before the scandal broke, was quoted by the Chicago Sun-Times that Dr. Henry "knew as much about the fund as I did."

Columnist Irv Kupcinet asked Mills if he knew about the fund and Mills was quoted as saying, "Let's just say that I and others at the university just looked the other way. And that includes Dr. Henry."

Mills also was quoted as saying, "That \$21,000 over a five-year period is peanuts compared to funds some of the conference schools are expending in extra financial aid to athletes. They've made a mountain out of a molehill in the case of Illinois. And Dr. Henry has contributed to this."

Mills also was quoted as saying he had nothing to do with starting or administering the fund.

In reply, Dr. Henry said, "That Mills knew little about the fund and its operation is belied by investigators and witnesses on record both from the Big Ten and the university's staff."

He added, "That anybody at a higher administrative level than himself, including me and my faculty representative, had any knowledge of the fund or of the improper activities is a total untruth."

Mills could not be reached for comment on Dr. Henry's statement.

Bill Reed, Big Ten commissioner, also could not be reached for comment.

The scandal broke in mid-December when assistant athletic director Mel Brewer, bypassed as a successor to Mills, reportedly revealed the existence of the fund to Dr. Henry.

Dr. Henry then made an immediate report to the Big Ten, placed football Coach Pete Elbert and basketball Coach Harry Combes on probation and prohibited athletes involved from further competition.

Big Ten athletic directors met and ordered the university to fire Elliott, Combes and assistant coach Howie Braun or face suspension or expulsion from the conference.

Dr. Henry appealed the case to the faculty representatives on the basis the punishment was "too harsh." The faculty group upheld the directors, ruled five athletes permanently ineligible, three temporarily ineligible and six others had either left school or were cleared.

The university, however, has until March 17 to serve notice for an appeal to show cause why its conference membership should not be suspended or terminated if the three coaches are not fired.

All State Basketball Selections

LITTLE ROCK (AP) — The two champions, North Little Rock and Harrison, each placed two men on the all-state basketball teams announced Saturday night.

North Little Rock won the Class AAA title and Harrison the Class AA crown.

Representing North Little Rock on the team were Ray Malcom and Lee Davidson, others named to the Class AAA 10-man team were Fred Mooney, chosen as the outstanding player, and Phil Young, both of Jonesboro.

Also selected were Almer Lee of Fort Smith Northside, Walt Hampton of Blytheville, Dana Baker and Dennis Smith of Springdale, Jerry Schmidt of Little Rock Central and Terry Red won the scholarship and Jonesboro the sportsmanship award.

In the Class AA voting, Donnie Watts of Harrison was selected as the outstanding player. Gary Clark also made the team for Harrison. Russellville placed Jim Marsh and Bob Bartlett.

Others were Tommy Robins and John Linck of Leachville, Joe Sawyer of West Memphis, Gary Griffin and Ballard Gilmore of Searcy and Jim Kelly of Benton.

Crossett won the scholarship award and Searcy the sportsmanship award.

Boros Wins the Citrus Golf Title

ORLANDO, Fla. (AP) — Julius Boros says he won enough money capturing the Citrus Open golf title to "pay off the mortgage and retire," but the cagey campaigner isn't quite ready to call it quits.

Off to his fastest start in 17 seasons as a pro, the 47-year-old father of seven is determined to win a spot on the Ryder Cup squad which meets England's top professionals in October.

"There's not much money in the Ryder Cup, but it's worth a lot in prestige," Boros added after picking up a \$23,000 check for winning the Citrus crown, his second title payoff of the year.

"That would be a great way to bow out, beating the English," Boros said, but later he added that he had no definite plans to retire.

"I used to retire every Monday and made a comeback every Thursday," said Boros, who with the rest of the Orlando contenders will play in the Jacksonville Open which starts Thursday.

Boros, now second on the 1967 official golf money list with \$43,287 isn't playing like a man

about to quit.

He and Arnold Palmer are the only two double winners of the pro tour this year, and Boros already has made more money than he did in any year since 1963 when he won three tournaments, including the U.S. Open for the second time.

Boros, who won the Phoenix Open last month, shaved 10 strokes off par in his 72-hole tour of the Rio Pinar course, winning by one stroke over Palmer and Canadian George Knudson.

Helped by a deadly 60-foot approach shot and a 25-foot putt for birdies on the front nine, Boros finished with a 70 for a tournament total of 274.

Palmer finished with a 68 and Knudson, 29-year-old Toronto veteran, roared home with a 66.

Dean Refram, who has never won in six years on the tour, claimed his biggest paycheck with \$5,750 for fourth at 276 after slipping to a closing 72. He started the last round tied for first.

Jack Nicklaus shot his third straight 69 for a 278, where he was tied with Bobby Nichols and Bert Yancey, a stroke back of Mason Rudolph and Kermit Zarley.

Doug Sanders, who led during the first two rounds, shot a final round 74 for a 279 total.

Successor Could Clarify Derby Picture

By TED MEIER

Associated Press Sports Writer

The Kentucky Derby picture is expected to be clarified today with Successor making his first start as a 3-year-old to help welcome thoroughbred racing back to New York at Aqueduct.

Successor, the 2-year-old champion of 1966, is entered in the \$25,000 Swift Stakes at six furlongs. The Wheatley Stable colt, trained by Eddie Nely, hasn't started since winning the rich Garden State Stakes last November. Nevertheless he has been made the odds-on choice to whip a field of six rivals: Solo Landing, Misty Run, Sun Gala, Native Gulle, Flying Tackle and Bologna Gellis.

Successor's showing in the Swift, before a likely opening day turnout of 40,000, may indicate his fitness for the forthcoming Triple Crown classics of the Kentucky Derby, Preakness and Belmont Stakes.

Successor's performance also will be compared to the smashing come-from-behind victory of Reflected Glory in the Flamingo at Hialeah. The ease with which Reflected Glory drew out in the stretch made the Hirsch Jacobs-trained colt a strong contender for the Derby at Churchill Downs in May.

Damascus and Great Power, two other highly regarded Triple Crown eligibles, made their seasonal debuts at Pimlico and Gulfstream Park last Saturday.

Great Power scored by four lengths over Lightning Orphan in a seven furlong allowance. He ran the distance in 1:22 3-5 and paid \$3. Damascus jumped several mud puddles, but finished fast to beat Solar Bomb by a head in a six furlong allowance. He ran the distance in 1:12 1-5 and paid \$3.20.

Dr. Fager, beaten only by Successor last year and runner-up to the Wheatley colt in the voting for 2-year-old championship honors, is expected to make his seasonal debut at Aqueduct later in either the Bay Shore or Gotham Stakes.

The \$45,000 Louisiana Derby this weekend at the Fair

Grounds in New Orleans also will help bring the Triple Crown picture into sharper focus. Grand Premier and Top Bid are among the probable starters in the 1 1/4 mile test.

Niarkos, ridden by Alvaro Pineda, won the \$125,000 San Juan Capistrano Handicap on the final Saturday at Santa Anita. The meeting at the Arcadia, Calif., track closes today with the running of the \$25,000 San Marino Turf Handicap.

Niarkos, a 7-year-old ridden by Alvaro Pineda, beat Biggs by three lengths in the Capistrano, an invitation affair on the grass. He ran the 1 1/4 miles in 2:50 1-5 and paid \$17.40. The favored Pretense was third.

New Faces Shown by Mets, Atlanta

By MIKE RECHT

Associated Press Sports Writer

New faces shown over the Atlanta and New York Mets exhibition baseball games while revitalized old arms brightened the outlook at the Baltimore and New York Yankees camps.

Clete Boyer, looking like a Yankee of old, played his first game with the Atlanta Braves and said he felt right at home Sunday after slamming three singles in Atlanta's 4-2 victory over Los Angeles in West Palm Beach, Fla.

The final hit, driving in a run, climaxed a two-run seventh inning that broke a 2-2 tie. Boyer also turned in a sparkling play on a swinging bunt in the eighth inning, turning it into a double play.

"There's really no difference," said the third baseman who spent eight years with the Yankees before being traded last winter, "just different faces on the infield."

"My legs are tired, but it was a good way to break in."

The Mets got their first glimpse of rookie Don Bosch, a 24-year-old center fielder for whom they traded pitcher Dennis Ribant to Pittsburgh.

The right-hander insisted on playing despite a sprained right hand and smacked two doubles, including one that drove in two

fifth-inning runs against the St. Louis Cardinals and broke a scoreless tie. The Mets went on to beat the Cardinals 7-1 at St. Petersburg for the second straight time.

Steve Barber lit up Baltimore's already high hopes of another world championship when he tested his arm against the Yankees and turned in three shutout innings in a 7-2 Orioles victory at Miami.

Barber, who won 18 games for the Orioles in 1961, 20 in 1963 and 15 in 1965, was sidelined much of last season with a sore elbow. But the 28-year-old ace of the youthful Baltimore staff showed no effects of soreness as he allowed only two hits and a walk.

From the Yankee viewpoint, the pitching of Jim Bouton looked almost as good as the 28-year-old right-hander started his comeback after a 4-15 season in 1966. He gave up five hits, but stopped Baltimore without a run in the middle three innings as he tries to regain the form that won 21 games in 1963 and 18 in 1964.

A pair of pitching aces from last year, Gaylord Perry of San Francisco and Gary Peters of the Chicago White Sox, were in form as the Giants dropped Cleveland 7-1 at Phoenix, Ariz., and Chicago clipped Cincinnati 8-5 at Tampa, Fla.

Perry, a 21-game winner last year, shut out the Indians on two hits during his three-inning stint as the Giants overcame rookie Jose Vidal's three-run homer with a four-run fifth inning.

Peters, the American League earned run average leader last season, opened with three scoreless innings, but the White Sox needed four unearned runs and two other tallies on a balk and a wild pitch to beat the helpful Reds.

Ken Holtzman highlighted the Chicago Cubs 10-2 victory over California at Palm Springs, Calif., with three perfect innings, striking out two and permitting only one ball to leave the infield. He left with a 4-0 lead, half of it supplied by Adolfo Phillips' home run.

Rookie Dick Billings singled home the winning run in the last of the 10th inning to give Washington a 4-3 victory over Houston after Jim Landis' bases-loaded double provided the Astros with their runs.

Jim Northrup, Bill Freehan, Jake Wood and rookie Tom Matchick homered in Detroit's 10-3 romp over Minnesota at Lakeland, Fla., for its third straight triumph.

Bill Mazeroski hit a two-run homer in Pittsburgh's 12-hit onslaught that cracked Philadelphia 10-4 at Fort Myers. Bob Veale was one of the few pitching stars with three shutout innings.

Jose Tartabull homered and singled twice as Boston unleashed 13 hits and sank Kansas City 8-3 at Winter Haven, Fla.

THE WELL CHILD
Treat Diabetic Child With Minimum of Fuss
By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

(First of two related columns.)
Although diabetes in childhood is believed to be hereditary, it may appear in children who have no family history of the disease. It may be brought to the attention of the doctor because the child fails to gain weight in spite of a healthy appetite or because a toilet-trained child starts wetting the bed at night.
Once the diagnosis is made the parents are often more upset emotionally than the child. The rigid supervision of the child's diet, urine testing and daily injections of insulin are tasks that a mother assumes with a heavy heart. It is extremely important, however, that she accomplish these chores with outward calm and a minimum of fuss. Too harsh an attitude or, at the other extreme, doting indulgence will only make it harder for the child to adjust to the procedures that are so essential to his continued health.
Here are some of the ways you can help your diabetic child. First, learn as much about the disease as you can. To this end you can get valuable help from the American Diabetic Association (18 East

Although gross farm income has been rising, so have farm production expenses. The result, according to Department of Agriculture statistics, is that there has been little change in net farm income in recent years. General prosperity throughout the economy has not been reflected on the farms.

Allergies - Your Personal Poisons

By Allergy Foundation of America

There was a heavy fog blanket over the valley town of Donora, Pa., Oct. 26, 1948. Smokestacks, as industrial plants fired up, poured more grime into the poisonous aerial stew.
Soon, the air could hold no more and there was a shower of dirt that laid a black coating on homes and streets.
For the next four days in Donora there was little difference between day and night. At the end, when rains came, 5,910 of the 14,000 residents had been made ill and 17 had died.
It was a fearsome example of what happens when a temperature inversion (cold air above - warm air below) puts a cap on heavy air pollution and does not let it move away.
The combination of fog, industrial wastes, furnace and incinerator smoke and the by-products of truck and car engine combustion are strangers for those with respiratory allergies.
In asthma, emphysema and chronic bronchitis, there is a constant struggle to breathe. Pollution makes it just that much more difficult.

A few facts:
• In Los Angeles, 10,000 tons of exhaust gases and unburned gasoline vapor goes into the air each weekday from 3 1/2 million autos burning 7 million gallons of gasoline.
• In Chicago, 50,000 smokestacks expel 570,000 tons of sulfur dioxide and 142,000 tons of soot each year.
• Ninety per cent of our pollution consists of such colorless gases as carbon monoxide.
Shakespeare's Hamlet has words that fit the situation: "This most excellent canopy, the air, look you, this brave o'erhanging firmament, this majestical roof fretted with golden fire, why, it appears no other thing to me than a foul and pestilent congregation of vapors."
Many of the pollutants are poisons and there is a vast difference between a poison and those comparatively harmless things which cause allergies. Yet, while pollution imperils everyone, it is especially difficult for the allergy-sensitive.
Some studies indicate exposure can trigger underlying susceptibilities. In some instances, a sort of synthetic asthma appeared.
In a smoggy Tokyo area, U. S. military personnel developed such symptoms. They would disappear when they left but showed up, stronger than ever, when they returned. Unfortunately, this synthetic-type asthma can go on to blossom into emphysema.
The degenerative effect of pollution on chronic cases of asthma and emphysema is well established. Its action as a fuse to touch off allergies is under strong suspicion.

You should avoid bribing, cajoling or intimidating your child to get him to accept his treatment, painful as it may be. Above all don't make the rest of the family conform to the dietary or other restrictions applied to the diabetic. Each child must be treated as a respected individual with understanding of his own particular problems.
One of the characteristics of juvenile diabetes is that two or three months after treatment has been started the child may appear to be cured. The symptoms disappear and the insulin dosage may have to be cut or completely stopped. Don't let this brief remission - for that is what it is - fool you. Diabetes can be controlled but not cured, so you must be alert for signs of its permanent return.
There is another source of confusion in dealing with this disease. Vomiting and headache may be caused by acidosis for which more insulin is required or by the opposite, an insulin reaction. Sugar must be given in either case but more insulin only for the former. Prompt and proper treatment is required. The dilemma is solved by testing a urine specimen if you can get one and calling your doctor.
The sooner you can teach your child to test his own urine the better. A five-year-old child can learn this procedure and by the time he is eight or nine he should be able to give his own insulin shots. At 13 he should be able to take complete charge of the management of his disease.

The Spring Nationals are being held in Seattle this week. In addition to the Open Pairs and the Vanderbilt Cup there are numerous lesser events and a tremendous schedule of entertainment prepared by the Seattle hosts. You don't have to be an expert to play in a national tournament. There are numerous side games in which only a few experts compete. The experts who do play in these side games are always trying for tops. If they are lucky they get them. Otherwise they go back to the main events somewhat sadder if not wiser. Here is a hand from a 1966 side game in which an expert got his top. We don't know just what a fourth hand preemptive bid is meant to do but this one produced a raise to game from North.

West opened the deuce of spades. South went up with dummy's ace in the hope of dropping a singleton king. Then he led back a spade. East signaled with the ten of clubs. West took his king of trumps and dutifully led a club. South took his ace, drew trumps and led the deuce of hearts. West played his trey and South paused to think things over. Give West the king of hearts and South could rise with dummy's queen and make his contract with a good break. That would be the normal play but expert South decided that West was not the sort of player who would be able to duck quickly with the king. In fact, West did not look like the sort of player who would ever pass up a trick. So South called for dummy's eight. This play should have been hopeless but look what happened. West had been careless enough to have held back his nine of hearts on the first heart lead. The eight spot forced the king. South wound up losing one heart, one club and one trump for a nice top score.

Austrians' Little Richer

STRATTON, Vt. (AP) — Four former members of Austrian Olympic teams were a little richer today after dominating the fourth annual \$5,000 Stratton Mountain professional giant slalom ski race.

Ernst Hinterseer won the Challenge Cup and top money of \$1,200 with a combined time of 1:44.31 Wednesday, Egon Zimmerman of Gunstock, Vt., was second, Christian Pravda of Sun Valley, Idaho, third and Hopfy Hopfensberger of Stratton fourth.

Television and Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Time was in the television business when any packager of programs who thought he had a good idea for a series would whip up a sample show to demonstrate to networks and sponsors.

But as costs climbed to where it sometimes reaches almost half a million dollars to put together one of these pilot shows, fewer gambles of this sort are made. But there has developed a new type of pilot

called "the spin-off." This involves using an established series as a frame in which to show a new idea.

NBC's "Road West" was born as an episode of "The Virginian." "The Girl From U.N.C.L.E." evolved from "The Man From U.N.C.L.E." But anthology programs, like Bob Hope's Wednesday night shows, have been the most prolific spawning grounds for new series ideas, including "Run For Your Life."

Fans of NBC's "Bonanza" will see a potential new series March 26. But, unlike most other spin-offs, the idea did not occur to the show's producer until he saw the way one of last sea-

son's episodes turned out. That was a show about an im-

been in doubt — and move it to the head of its Tuesday night lineup. There is also talk of adding a second genie to liven things up. It is also expected that the new Jerry Lewis variety hour will follow it on that night, with "Star Trek" moved into the Friday night column.

CBS is expected to replace the format a bit further. The family has the ideal TV family Steven Hill with Peter Graves — wife and two teen-age chil-

dren. And everybody in the cast ble" next season.

Election in France Stuns DeGaullists

By DAVID M. MASON
PARIS (AP) — French voters mauled the prestige of President Charles de Gaulle's government badly Sunday and left his forces with a majority of only one to three votes in the National Assembly. Even that narrow margin was in doubt.

With two of the 487 Assembly seats still undecided, the Ministry of Interior reported candidates pledged to De Gaulle had won 244 seats, or a majority of at least one in the full Assembly.

Other checks of the candidates' political labels indicated the Gaullists had won only 243 seats, while the combined opposition had 241 or 242. French political experts varied in their assessment of the situation.

The election for one seat in Tahiti will be held next Sunday. Another seat is being held for French Somaliland in case that African territory decides in a referendum next Sunday to remain with France rather than choosing independence.

The Gaullists had a solid 40-seat majority in the outgoing National Assembly. The president's personal tenure was not affected, he having been elected in 1965 for a seven-year term. But whether De Gaulle will have a "governable" assembly will apparently hinge on a bloc of at least 30 and possible 42 seats controlled by Jean Lecanuet's Center Democrats. Lecanuet indicated before the elections that he would support the Gaullists on certain issues if they showed signs of adjusting to his demands. These include European unity and continuation of the Atlantic Alliance.

Woman Held in Shotgun Slaying

EL DORADO, Ark. (AP) — Mrs. Irene Williams, 31, of near Strong was being held in the Union County Jail today following the shotgun slaying Sunday of Lavant White, 34, of Strong. Officers said White was shot by a 20-gauge shotgun on the porch of Mrs. Williams' house. Officers said formal murder charges would be filed against her Tuesday.

Fugitives Caught at Prescott

PRESCOTT, Ark. (AP) — City police here captured four fugitives from Missouri Sunday after receiving a tip from Clark County authorities that four men in a car had fled from a service station without paying for gas.

Police Chief C. G. Johnson said the men were caught on a dead-end street which they took when they rolled up to a red light in Prescott.

Johnson said the four gave up without a struggle and were being held for Missouri authorities.

The men escaped from Steelville, Mo., Saturday night. Johnson identified them as Robert N. Wilson, 17, and George Barton Enke, 20, both of Cuba, Mo., Roy Stemmer, 20, of Chicago and Allen Ray Armbruster, 18, of Festus, Mo.

Strategy Conference to Dramatize Civil, Military Development

WASHINGTON (AP) — President Johnson's Vietnam strategy huddle in Guam next week — though not expected to include Premier Nguyen Cao Ky — is regarded as another attempt to dramatize the U.S. military and civil development commitment to Ky's war-torn country.

Ky attended Johnson's last two Pacific conclaves — at Honolulu in February 1966 and at Manila last October.

But sources indicated the Guam session, announced Saturday night, will probably involve only top Americans, including Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, Ambassador to Saigon Henry Cabot Lodge, and Gen. William Westmoreland, commander of U.S. troops in Vietnam.

Johnson is to leave late Saturday and arrive early Monday in Guam.

George Christian, White House press secretary, said the meetings are expected to last "a short time — a few days at the most."

It is not expected that any major change in U.S. policy will come out of the meeting, but that emphasis will be placed on slowly increasing military pressure and intensifying attempts to win over the South Vietnamese people through economic and political development.

Likely also to be discussed are changes some have proposed to strengthen Westmoreland's command along the lines of Gen. Dwight D. Eisenhower's supreme allied command in World War II.

The increasing military pressure has been underlined in the past few days by stepped up ground action and air strikes against North Vietnam's principal steel mill, Hanol Radio claimed Sunday that U.S. planes bombed an area within Hanol city limits.

Though opponents of the bombing have continued to call for its halt as a means of promoting peace talks, Johnson is believed disillusioned with such efforts and believes instead that the price of the war for North Vietnam must be raised.

embarrassment for the U.S. State Department instead of the propaganda triumph it would have been several years ago.

Although the United States didn't pick up the propaganda ball, Soviet sources in Switzerland feared Red China would. They expected Peking to claim that the daughter of one of communism's greatest heroes had fled because the Soviet Union's present leaders have abandoned the original principles of Marxism and Leninism, a standard Chinese charge against the Soviets.

Miss Stalina, 42, reportedly asked for asylum in the United States but this was denied, at least for the time being. Instead Robert F. Kayle, second secretary of the U.S. Embassy in New Delhi, spirited her off to Rome and then on to Switzerland early Saturday.

The Swiss gave Miss Stalina a 45-day visa for a "temporary rest" and put her under the usual ban on political activity they put on all foreigners. She was rumored to be staying in a secluded private house or small hotel within 30 miles of Interlaken, but it was apparent that the Swiss government, worried like the United States about embarrassment to the Soviet government, wanted newsmen kept away from the woman.

The appeals were said to have been made on grounds of a need for Negro unity. Meredith reportedly was told that by accepting the Republican nomination, he would be the white man's candidate.

Workers in China Are Shot Down

HONG KONG (AP) — Several thousand people were killed or wounded in rural areas of Kwangtung Province when Communist troops opened fire on workers and peasants who refused to go back to work, a Hong Kong newspaper reported today.

The Chinese-language New Life Evening Post said travelers arriving from Kwangtung, across the border from Hong Kong, reported bloody clashes between army troops and work-

ers and farmers in Fatshan, An, Nang Hai and Shun Ta.

The most severe clashes, the paper said, occurred in Fatshan and Nang Hai where workers and farmers refused to go back to "the production line."

One arrival said "bodies were scattered along the Fatshan highway. The casualties could run into thousands."

The paper said 300,000 troops are now in Kwangtung Province, and many people in Canton expect the number to be doubled shortly to "put down the rebellious workers and peasants."

"Many workers at Fatshan shouted 'go home, northern troops!'"

The paper said it was impossible to get a complete story on the fighting but the scanty reports brought out by visitors from Red China indicated the clashes were serious.

It was the second recent report of serious disturbances in Fatshan.

President Johnson's Vietnam strategy conference in Guam is regarded as an attempt to dramatize the increasing U.S. military pressure and intensify economic and political development of South Vietnam.
